If swallowed seek medical advice.

Do not store in direct sunlight.

ANALYSIS:

K 30% W/V

DIRECTIONS FOR USE:

Application:

Add to the water in the spray tank with agitation.

Keep the mix agitated at all times.

Foliar Applications:

Several applications may be required, 7-10 days apart.

Avoid spraying over flowering.

Field Crops: 4L/ha.

Vegetable Crops: 4L/ha.

Orchards: 5L/ha.

Fertigation / Soil Applications:

Apply as required but do not exceed 10L/ha per application. Several applications may be required.

Do not apply at seedling stage if soil moisture is limited or when irrigation is delayed.

When mixing with other liquid fertilizers, test for compatibility with a small quantity in a jar.
