

REACTION SUPER SEAWEED

003

TAILORED SOLUTIONS, PROVEN RESULTS

An extra strong concentration of *Ascophyllum nodosum* seaweed extract for use as a soil conditioner.

Super Seaweed is a concentrated liquid containing natural *Ascophyllum nodosum* seaweed extract, fortified with macro-elements (N 120g, P 0.03g, K 1.2g/litre + Ca, S and Mg) and small quantities of trace elements (B, Cu, Zn, Mn, Fe and Mo).

Directions for use:

- Shake the container thoroughly before use.
- Ensure agitation occurs while filling the spray tank and maintain agitation while spraying.
- Do not apply under high temperature or rapid drying conditions.
- Ensure spray equipment is clean before use and that all equipment is washed after use.
- Apply in a minimum of 1000 litres of water per hectare.

| Crop | Application rate L/ha | Time of Application |
|--|-----------------------|---|
| All horticultural crops (growth stimulant) | 5.0 litres | Apply at 4 weekly intervals over the growing season. Apply post harvest to build up reserves in perennial crops for the following springs growth. |
| Kiwifruit (cane hardening) | 8.0 litres | Apply when canes are 125 - 150mm in length. |

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

Avoid contact with skin and eyes and inhalation of spray mist. Do not eat, drink or smoke while using. When mixing or applying wear eye protection, waterproof gloves, boots and cotton overalls. Remove protective clothing and wash hands and face thoroughly before meals and after work.

First Aid:

If medical advice is needed, contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor. Have the product container or label to hand.
