NUTRIENT ANALYSIS

Element	%W/W	g/kg	Element	%W/W	mg/kg
Nitrogen (N)	15.8	158	Zinc (Zn)	0.084	840
Phosphorus (P)	17.7	177			

GENERAL INFORMATION

HPNP™ is a water-soluble nitrogen, zinc and phosphorus fertiliser derived from various phosphorus sources. Use HPNP™ as advised by your qualified agricultural advisor. Directly contact your qualified agricultural advisor for any additional information or guidance required concerning the use of this product. For optimum results HPNP™ should be used in combination with a fertiliser programme.

DIRECTIONS FOR USE

- Avoid applications under extreme conditions, such as temperatures above 30°C
- Recommendations for application should be based on soil and leaf analysis
- This product is for soil application only
- Wear suitable protective clothing
- **Soil applications:** Apply as required, do not exceed the recommended application rates. Always use in less than a 10% solution strength

COMPATIBILITY

It is advisable to consult with a certified agrochemical specialist. It is required to perform a miscibility test prior to mixing with other chemicals.

However do NOT apply HPNP™:

- In a mix with herbicides
- In combination with copper containing fungicides, sulphates, phosphates or phosphonates
- In combination with products containing high levels of organic matter
- In combination with alkaline water sources and/ or materials
- With water sources or products containing calcium

User assumes full responsibility to ensure compatibility when tank mixing with other products. Water quality testing is advisable to ensure full compatibility and optimal product performance.

MIXING

Always mix HPNP™ with sufficient quantities of water. Never apply HPNP™ undiluted. Follow standard tank mixing procedures. Ensure good agitation throughout application. Do not store mixed product.

WARNING

Avoid contact with eyes. Keep out of reach of children. Do not swallow. If swallowed seek medical advice. The dust from this product may act as an irritant. Avoid inhalation and contact with the eyes and skin. Users are encouraged to seek further advice.

CAUTION

Do not store in direct sunlight. Store the product inside at room temperature. This is a blended fertiliser in which some segregation of the ingredients may occur that may lead to some variation from the stated analysis.

CONDITIONS OF SALE

Although this product has been extensively tested under a large variety of conditions the registration holder does not warrant that it will be efficacious under all conditions because the action and effect thereof may be affected by factors such as abnormal climatic conditions as well as method, time and accuracy of application. Every care is taken during the manufacture of this product. However, as environmental conditions can vary considerably, the manufacturer, importer and/or its agents do not accept any responsibility for any injury, damage, loss, and/or any other detrimental effects or consequences following the misuse of this product.

APPLICATION RATES

Crop	Rates/ha
Applicable to all crops, depending on crop stage and depending on soil and leaf analysis.	Please consult your Agriculturist
